Cioppino

Rock Cod, Calamari, Dungeness Crab, Prawns, and Mussels
Cooked in a Spicy Homemade Tomato Sauce..... 31.95

History: Cioppino was developed in the late 1800s by Italian fishermen in North Beach, San Francisco. Many from Riva Trigosa, Genoa, Italy.

The same area Aldo's founding family is from! Originally, it was made in boats while out at sea. Now it is a staple in most Italian Seafood Restaurants in this area.

The name comes from the Ligurian word "ciuppin" which describes the process of making fish stew. Urban legend says that Cioppino also means "Chip in You" (extra fish).
